## Recharacterization Request

Use this form to recharacterize:

- Annual contributions you made to a Traditional IRA as annual Roth IRA contributions;
- Annual contributions you made to a Roth IRA as annual Traditional IRA contributions;
- Conversion contributions you made to a Roth IRA back to the original Traditional IRA, SEP-IRA, or SIMPLE IRA (“deconverting”); or
- Qualified rollover contributions you made to a Roth IRA or Roth IRA Beneficiary Distribution Account (Roth IRA BDA) from a workplace savings plan to a Traditional IRA or Traditional IRA Beneficiary Distribution Account (IRA BDA).

Do NOT use this form for a conversion or reconversion. Type on screen or fill in using CAPITAL letters and black ink.

### Helpful to Know

- All recharacterizations are processed in kind.
- All recharacterizations from any IRA BDA must be recharacterized into another IRA BDA.
- Employer contributions to a SEP-IRA or a SIMPLE IRA generally cannot be recharacterized as contributions to another IRA.
- A recharacterization is not considered a rollover for purposes of the one-rollover-per-year rule.
- Any gain/loss received in an IRA outside National Financial Services LLC (“NFS”) and then subsequently transferred to a Premiere Select IRA should be included in the principal amount, as appropriate.
- Per IRS Notice 2000-39, calculation of the applicable earnings is based on a pro rata portion of the earnings accrued in the IRA during the period the IRA actually held the contribution.
- Recharacterizations generally must be completed by the federal income tax filing deadline (including extensions) for the year for which the contribution was made to the first IRA.
- The recharacterization request may not be revoked or modified after it has been processed.
- Consult a tax advisor or your investment representative for more information.
