Siebert Financial Corp. & Subsidiaries
Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 2013 and 2012
(Unaudited)

1. Organization and Basis of Presentation:

The consolidated financial statements include the accounts of Siebert Financial Corp. (the “Company”) and its wholly owned subsidiaries Muriel Siebert & Co., Inc. (“Siebert”) and Siebert Women’s Financial Network, Inc. (“WFN”). All material intercompany balances and transactions have been eliminated. Investment in two entities in which the Company has ownership interests of 49% and 33.33%, respectively, are accounted for by the equity method and included in investment in and advances to affiliates in the consolidated statement of financial condition.

The condensed consolidated financial statements presented herein are unaudited and include all adjustments (consisting of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and results of operations of the interim periods pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles (“GAAP”) in the United States of America (“U.S.”) have been condensed or omitted pursuant to the SEC rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. The balance sheet at December 31, 2012 has been derived from the audited consolidated statement of financial condition at that date, but does not include all information and footnotes required by U.S. GAAP for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements included in the Company’s Form 10-K for the year ended December 31, 2012. Because of the nature of the Company’s business, the results of operations for the three and six months ended June 30, 2013 are not necessarily indicative of operating results for the full year.

2. Securities:

Securities owned are carried at fair value with realized and unrealized gains and losses reflected in trading profits. Siebert clears all its security transactions through unaffiliated clearing firms on a fully disclosed basis. Accordingly, Siebert does not hold funds or securities for, or owe funds or securities to, its customers. Those functions are performed by the clearing firms.

3. Fair Value of Financial Instruments:

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. Fair value measurements are not adjusted for transaction costs. The fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices that are observable, either directly or indirectly, and reasonably available.

Level 3 – Unobservable inputs which reflect the assumptions that management develops based on available information about the assumptions market participants would use in valuing the asset or liability.

Financial instruments of the Company which are recorded at fair value at June 30, 2013 follows:

	Level 1
Cash equivalents	\$ 20,295,000
Securities	334,000
	<u>\$ 20,629,000</u>

Cash equivalents primarily represent investments in money market funds. Securities consist of common stock valued on the last business day of the period at the last available reported sales price on the primary securities exchange. As of June 30, 2013, the Company did not hold any level 2 or level 3 financial instruments.

4. Per Share Data:

Basic earnings (loss) per share is calculated by dividing net income (loss) by the weighted average outstanding common shares during the period. Diluted earnings per share is calculated by dividing net income by the number of shares outstanding under the basic calculation and adding all dilutive securities, which consist of options. The Company incurred a net loss for the three and six months ended June 30, 2013. Accordingly, basic and diluted net loss per common share are the same for each period as the effect of stock options is anti-dilutive. There were no dilutive options for the three and six months ended June 30, 2012. Accordingly, basic and diluted income per share are the same for each period. Shares underlying stock options not included in the diluted computation amounted to 400,000 at June 30, 2013 and 478,200 at June 30, 2012.

5. Net Capital:

Siebert is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. Siebert has elected to use the alternative method, permitted by the Rule, which requires that Siebert maintain minimum net capital, as defined, equal to the greater of \$250,000 or two percent of aggregate debit balances arising from customer transactions, as defined. The Net Capital Rule of the New York Stock Exchange also provides that equity capital may not be withdrawn or cash dividends paid if resulting net capital would be less than 5% of aggregate debits. As of June 30, 2013, Siebert had net capital of approximately \$17,144,000 as compared with net capital requirements of \$250,000. Siebert claims exemptions from the reserve requirement under section 15c3-3(k)(2)(ii).

6. Revenue:

Commission revenues and related clearing expenses are recorded on a trade-date basis. Fees, consisting principally of revenue participation with the Company's clearing broker in distribution fees and interest, are recorded as earned.

Investment banking revenue includes gains and fees, net of syndicate expenses, arising from underwriting syndicates in which the Company participates. Investment banking management fees are recorded on the offering date, sales concessions on the settlement date and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

Trading profits are also recorded on a trade-date basis and principally represent riskless principal transactions which the Company, after receiving an order, buys or sells securities as principal and at the same time sells or buys the securities with a markup or markdown to satisfy the order.

Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

7. Capital Transactions:

On January 22, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time, at management's discretion, in the open market and in private transactions. During the six months ended June 30, 2013, the Company purchased 12,266 shares at an average price of \$1.56.

There are no stock option transactions during the six months ended June 30, 2013. At June 30, 2013, there are 400,000 outstanding options at a weighted average exercise price of \$3.33, which were fully vested and exercisable. As of June 30, 2013, there were no unrecognized compensation costs.

8. Investment in and advances to affiliates:

Siebert, Brandford, Shank & Co., L.L.C. ("SBS")

Siebert holds a 49% ownership interest in SBS which is engaged in municipal bond underwritings. Income or loss from SBS is considered to be integral to Siebert's operations and material to its results of operations.

Summarized financial data of SBS is set forth below.

	June 30, 2013	June 30, 2012
Total assets, including secured demand note of \$1,200,000 due from Siebert	\$ 18,224,000

Siebert charged SBS \$50,000 and \$38,000 for each of the six months ended June 30, 2013 and 2012, and \$25,000 and \$19,000 for each of the three months ended June 30, 2013 and 2012, respectively, for general and administrative services, which Siebert believes approximates the cost of furnishing such services.

Siebert's share of net (loss) income for the three months ended June 30, 2013 and 2012 amounted to (\$349,000) and \$847,000, respectively, and for the six months ended June 30, 2013 and 2012 amounted to (\$951,000) and \$701,000, respectively.

Siebert received a distribution from SBS of \$1,212,000 during the six months ended June 30, 2013, and Siebert's share of undistributed earnings from SBS amounted to \$6.4 million at June 30, 2013. Such amount may not be immediately available for distribution to Siebert for various reasons including the amount of SBS's available

cash, the provisions of the agreement among Siebert and the principals of SBS and SBS's continued compliance with its regulatory net capital requirements.

SBS Financial Products Company, LLC (“SBSFPC”)

The Company has a 33.33% ownership interest in, and the two individual principals of SBS have an aggregate 66.66% ownership interest in, SBSFPC which engages in derivatives transactions related to the municipal underwriting business. Income /(loss) from SBSFPC is considered to be integral to the Company's operations and material to the results of operations.

Summarized financial data of SBSFPC is set forth below.

	June 30, 2013	June 30, 2012
Total assets	\$143,444,000	
Total liabilities	142,751,000	
Total members' capital	693,000

Three months ended:		
Total revenues	14,000	30,000
Net loss	(85,000)	(23,000)

*Negative balance was attributable to unrealized loss on derivative contracts.

The Company's share of net loss of SBSFPC for the three months ended June 30, 2013 and 2012 amounted to \$28,000 and \$8,000, respectively. The Company's share of net loss for the six months ended June 30, 2013 and 2012 amounted to \$120,000 and \$16,000, respectively.

At June 30, 2013, SBSFPC had cumulative distributions in excess of cumulative earnings in the amount of \$507,000, of which the Company's share was \$169,000. The Company received a distribution from SBSFPC of \$4,000 during the six months ended June 30, 2013 which is shown on the statement of cash flows as an investing activity as it represents a return of capital.

In July 2013, as a result of the filing of a bankruptcy petition by the City of Detroit, SBSFPC unwound certain derivative contracts with a financial institution pursuant to the terms of the contracts. The contracts had a carrying value of \$123,063,000 included in SBSFPC's total liabilities at June 30, 2013. In connection therewith, SBSFPC assigned certain derivative contracts with the City of Detroit to the financial institution, which had a carrying value of \$123,063,000 included in SBSFPC's total assets at June 30, 2013. No gain or loss was recognized by SBSFPC as a result of the unwinding and assignment of these derivative contracts and SBSFPC has no continuing obligations or rights with respect to the derivative contracts. During the quarter ended March 31, 2013, SBSFPC incurred a loss of \$241,000 on the write-down in value of the derivative contracts with the City of Detroit to adjust their carrying value to the carrying value of the derivative contracts with the financial institution.

9. Contingencies and Commitments:

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customer obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions for the six months ended June 30, 2013 and 2012.

In a prior year, Siebert was named as one of the defendants in a class action pending in the United States District Court, Southern District of New York. The complaint was brought on behalf of a class of purchasers in a public offering by Lehman Brothers Holdings, Inc. of \$1,500,000,000 of 6.75% Subordinated Notes due 2017 (the "Notes") and certain smaller issuances of other securities. Siebert had agreed to purchase \$15 million of the Notes and \$462,953 of the other securities as an underwriter in the offerings. Siebert and the plaintiffs' class resolved all claims against Siebert in consideration of a \$1 million payment by Siebert which was paid in a prior year. As certain plaintiffs did not agree to a settlement or purchased securities which were not covered by the

settlement, additional liability to Siebert is possible. At present, Siebert is unable to determine the potential liability, if any.

Siebert is party to certain claims, suits and complaints arising in the ordinary course of business. In the opinion of management all such claims, suits and complaints are without merit, or involve amounts which would not have a material effect on the financial position or results of operations of the Company.

Siebert is party to a Secured Demand Note Collateral Agreement, as amended on July 27, 2012, with SBS which obligates Siebert to lend SBS, on a subordinated basis, up to \$1,200,000. The secured demand note payable held by SBS and a related \$1,200,000 receivable due from SBS are included in investments in and advances to equity investees in the accompanying consolidated statements of financial condition. Amounts that Siebert is obligated to lend under this arrangement are collateralized by cash equivalents of \$1,532,000. Any amounts loaned will bear interest at 4% per annum and are repayable on August 31, 2014.

During the quarter ended June 30, 2013, the Company amended its lease agreement for its New York office to extend the expiration date from 2014 to 2017. Additional obligations relating to the extension of this lease aggregates \$1,487,000.

10. Income Taxes:

No tax benefit has been recognized for the loss in the 2013 periods as the Company has provided a valuation allowance to fully reserve the related deferred tax asset as realization of such asset is not considered more likely than not due to cumulative losses incurred by the Company and its subsidiaries during the prior three years. There is no provision for income taxes on income in the 2012 period as the Company had available net operating loss carryforwards (which had been fully reserved) to offset such income.

11. Impairment of Fixed Assets:

On June 30, 2012, the Company discontinued its relationship with a software vendor, which had developed and maintained its website. As a result, the Company wrote off its remaining unamortized carrying value of development costs of \$433,000. Effective July 1, 2012, such services have been provided by the Company's clearing broker.

12. Reclassification:

For the three and six months ended June 30, 2012, the Company previously reported various minimum state taxes based on capital as income taxes on the consolidated statement of operations. The Company has reclassified such taxes to general and administrative expenses to conform to the 2013 presentation.

13. Concentration:

During each of the three and six months ended June 30, 2012, commission income earned from one customer accounted for approximately 19% of total revenue.

14. Subsequent Event:

In July 2013, the Company extended its fully disclosed clearing agreement with its clearing broker through July 2017.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This discussion should be read in conjunction with our audited consolidated financial statements as of and for the year ended December 31, 2012, and the unaudited consolidated financial statements and the notes thereto contained elsewhere in this Quarterly Report.

Business Environment

Our working capital is invested primarily in money market funds, so that liquidity has not been materially affected. The financial crisis that started in 2008 did have the effect of reducing participation in the securities market by our retail and institutional customers, which had an adverse effect on our revenues. The stock market has improved in the six months ended June 30, 2013, however our revenue has not improved during this period. Our affiliate, Siebert,

Brandford, Shank & Co., L.L.C. (“SBS”) had a loss for the current six months period of approximately \$1.9 million compared to a gain of \$1.4 million for the same period last year. SBS’s loss resulted in a loss to the Company of \$951,000 for the current six month period. Our expenses include the costs of an arbitration proceeding commenced by a former employee following the termination of his employment, which remains unresolved. The Company believes that the action is without merit, but the costs of defense, which are included as professional expenses, have adversely affected the Company’s results of operation and may continue to affect the results of operations until the action is completed. Competition in the brokerage industry remains intense.

The following table sets forth certain metrics as of June 30, 2013 and 2012 and for the three and six months ended June 30, 2013 and 2012, respectively, which we use in evaluating our business.

Retail Customer Activity:	For the Three Months ended June 30,		For the Six Months ended June 30,	
	2013	2012	2013	2012
Total retail trades:	89,382	86,096	175,376	189,219
Average commission per retail trade:	\$ 22.35	\$ 30.16	\$24.05	\$ 31.03
	As of June 30,			
Retail customer balances:	2013	2012		
Retail customer net worth (in billions):	\$ 6.8	\$ 6.5		
Retail customer money market fund value (in billions):	\$ 1.1	\$ 1.0		
Retail customer margin debit balances (in millions):	\$ 204.8	\$ 221.6		
Retail customer accounts with positions:	39,585	42,934		

Description:

- Total retail trades represent retail trades that generate commissions.
- Average commission per retail trade represents the average commission generated for all types of retail customer trades.
- Retail customer net worth represents the total value of securities and cash in the retail customer accounts before deducting margin debits.

Like other securities firms, we are directly affected by general economic and market conditions including fluctuations in volume and prices of securities, changes and prospects for changes in interest rates and demand for brokerage and investment banking services, all of which can affect our relative profitability. In periods of reduced market activity, profitability is likely to be adversely affected because certain expenses, including salaries and related costs, portions of communications costs and occupancy expenses remain relatively fixed. Earnings, or loss, for any period should not be considered representative of any other period.

Recent Developments

On January 23, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time, in our discretion, in the open market and in private transactions. During the six months ended June 30, 2013, the Company purchased 12,266 shares at an average price of \$1.56.

Critical Accounting Policies

We generally follow accounting policies standard in the brokerage industry and believe that our policies appropriately reflect our financial position and results of operations. Our management makes significant estimates that affect the reported amounts of assets, liabilities, revenues and expenses and the related disclosure of contingent assets and liabilities included in the financial statements. The estimates relate primarily to revenue and expense items in the normal course of business as to which we receive no confirmations, invoices, or other documentation at the time the books are closed for a period. We use our best judgment, based on our knowledge of these revenue transactions and expenses incurred, to estimate the amounts of such revenue and expense. Estimates are also used in determining the useful lives of intangible assets, and the fair market value of intangible assets and securities. Our management believes that its estimates are reasonable.
